

## Notes to the Town

A lot of happenings this month in the Town of LeRoy. We first welcome the Oatka Festival and Bicentennial Parade on July 13th and 14<sup>th</sup>. What a celebration to enjoy and watch as the county's history unfolds down Main Street. The Parade starts at 11:00 AM on Saturday. Main Street will close at 10:00 AM so plan on being in place prior to 10:00 AM. The Town float will showcase the first Women's University in the Nation, Ingham. A big thank you to our partners of Village, County and State for all the planning and work details going into this event.

### On to regular news:

Transfer station for the month of July has roll-offs for large items. Punch cards in \$15.00 and \$30.00 increments are sold at the Town Clerk's window at the Town Hall. Punch Cards are not sold at the transfer station. Hours of the transfer station are Saturdays 9:00 AM to 3:00 PM. Additionally 30 gallon gargabe bags are accepted at \$1.50 punch per bag. In a cooperative effort we are accepting clean yard waste on behalf of the Village as they deliberate the fate of the compost plant. We are pleased to foster the relationship with the Village in any manner available. Community working together is best for all.

Highway department is installing the septic system at the Asbury Road facility. The knowledge, can do attitude and experience has saved the taxpayers the cost of installation. Road side and cemetery mowing is busy this year due to the weather. Planning to move is next on their agenda.

### Water District News:

Consolidated District of Town of LeRoy is all supplied by Monroe County Water. Households that are new to public water supply are thrilled with pressure and quality.

Waiting yet are those homeowners on Route 5 east in the DEC Remediation area. The testing is in progress now. The Town Board will hold a public information meeting with those landowners in that area on Tuesday, July 23<sup>rd</sup> at 7:00 PM at St. Anthony's Church in Limerock. Look for the meeting notice in the mail if you are in that area.

Water District #6 (Route 19) has been presented with an USDA Rural Development Letter of Intent to sign. The letter is the last step in the funding process. We now await an announcement from Rural Development letting us know about the federal funding. We do have a permit in hand for the Village of LeRoy to supply to this district from the DEC. This vital relationship enables public water supply to this district.

Extension #1 water district had a public hearing for the increased cost per year to \$850.00. Petition will be forwarded to State Comptroller for review and acceptance or denial. We will put forth our best effort to see this petition is accepted. Water quality and quantity issues are dire in this area. The area involved is Randall Road to West

Bergen. West Bergen to Selden. Selden from West Bergen to Route 19 imagine a “U” shape.

Highway Department staff member vacancy is on track. Highway Committee is reviewing applications for minimum qualifications. Inquiries will be made to references. We don not expect to have the position filled until August. We are cautious to fit the right person into the position.

Moving ahead with our participation with the CoPart Drainage area remediation. The Town has pledged services of trucks, equipment and manpower to aid in the redesign of the water way that floods into the Town. The joint effort is with the Village and County.

At our last meeting in June, we hosted a joint meeting with the Village Board. Our conversation included investigating shared DPW and Highway services, Oatka Festival, Recreation, Police Contract and Compost facility This quarterly meeting is important to keep communications flowing on a regular basis at the board level.

There is no update yet from the DEC on the new computers and program for issuing hunting licenses. When we receive it we are expecting a bit of learning and glitches to occur. We will ask in advance for your patience.

Recreation Department is administering programs on a daily basis at the parks. We thank the Village DPW for delivery of tables to parks. We have received several complaints regarding damage to tables, play equipment and port-a-johns. We are encouraging residents from especially Mill Street area to be vigilant in aiding our recreation staff to safeguard these assets for use by our youth. If you witness an act of vandalism, please call the Village Police at 911 to report the incident. We can all help our youth by our actions.

That’s it for now, our next meeting dates are July 25 and August 8<sup>th</sup> at 7:00 PM in the Courtroom of the Town Hall. Plan on joining us if you can.

But most of all enjoy the Oatka Festival and Bicentennial parade. We are proud to host that event in LeRoy. Take pride in your community-----!

Shelley Stein, Supervisor 768-6910 ext. 231
